

Worship Leader Position Announcement

Groveton Baptist Church (SBC) exists to Magnify God's Reputation. Located two miles south of the Capital Beltway on Route 1, the church has grown to reflect the economic, educational, and ethnic diversity of Northern Virginia over our 75 year history. We embrace our identity as A House of Prayer for All Nations, with members hailing from more than 20 nations and many different evangelical traditions. We hope to further develop our diversity with the hiring of a new Worship Leader.

We currently have two worship services. The early service is led by a praise team and song selections draw largely from contemporary worship songs over the last 20 years (Hillsong, Chris Tomlin, Matt Redman, Keith and Kristyn Getty, etc.). The later service blends these contemporary songs with classic hymns from the Baptist Hymnal and includes a choir anthem each Sunday.

Our desire is to hire a part-time Worship Leader who will plan services with theologically rich lyrics set to music from the diverse cultures represented in our congregation. This person will lead out of a deep life of personal worship and prayer. As an active member of Groveton, he or she will be a team player with the praise team, choir, instrumentalists, and staff, showing Christ-like patience and love toward all.

Formal musical training is preferred, though commensurate experience will be considered. Proficiency in reading music and leading groups is required, as leadership of the praise team and choir are central to the job. This position also requires computer skills for using service planning software and a working knowledge of audio and visual equipment.
